

A Critical Study of the Ancient Hindu Astronomy: In the Light and Language of the Modern

India

- Rig Veda (1.50), a hymn addressed to the Sun, refers quite clearly that the Sun traverses 2,202 yojanas in half a nimesha. This is in fact refers to the speed of light.
- The World's First Granite Temple is the Brihadeswara temple at Tanjavur in Tamil Nadu. The shikhara is made from a single '80-tonne' piece of granite.
- The world famous and priceless "Kohinoor" diamond, which is set in the Crown of the British monarch (Queen Victoria, and Elizabeth II), was acquired from India.
- According to the Gemological Institute of America, up until 1896, India was the only source for diamonds to the world.
- Chess (Shataranja or Ashta Pada) was reportedly invented in India.
- The game of snakes & ladders was created by the 13th century poet saint Gyandev. It was originally called 'Mokshapat.' The ladders in the game represented virtues and the snakes indicated vices.
